

# Drawing Workshop from Michelle Tripp

## WORKSHOP INSTRUCTIONS

Draw over the train with pencil without much thought.  
Just curvy free lines, wandering and crossing.

At the junctions, round them off creating nice organic shapes.  
Use biro or felt pen for this.

Fill in the spaces with as many patterns and shapes as you can think of.  
If you have coloured pens or felt pens use these, be as bold and creative as possible.

You could use junk mail or old magazine to collage it.  
Or have you your own ideas? Great! Go with them.

Look forward to seeing your finished Art,  
(see the front page for how to share it with us, if you want to)

1. Join Michelle to create some neurographic art about Connection
2. Follow the instructions
